S1	Speedstakes				

Bye rules

1. All Qs or qualifying events must be from the same dog and handler partnership entered at the Canadian Open.

2. All Qs for byes must be at the jump height entered at the Canadian Open, except when moving from a Regular jump height to the Select height.

3. Regular titling Qs are not restricted to the country in which you compete.

4. Each Home Video Q is worth half a regular Q. Two Home Video Qs equal one regular Q.

5. Regular Qs and byes from Masters heats cannot be used more than once to count towards a bye. Additional Qs must be gained for byes at other events, such as the West Coast Open or US Open. These will be checked against previously submitted byes.

6. Any clear round from any country’s tournament classes in Masters, Biathlon, Pentathlon, Games Challenge, Speedstakes Challenge and I.C.E. and DASH classes that gain level points can count as a regular Q.

7. Runs from the US Open, Canadian Open, West Coast Open and 1-TDC Invitational cannot be used for regular Qs.

8. Byes gained from Canadian Cups and Canadian Classics count only towards Canadian Open byes. US tournaments count only towards US Open and West Coast Open byes.

9. Masters Final byes from any country’s Masters Series Heats can be used for the Canadian Open.
