Bye rules

1. All Qs and qualifiers must be from the same dog and handler partnership entered at the US Open.

2. All Qs for byes must be at the jump height entered at the US Open, except when moving from a Regular jump height to the Select height. Moving between Regular heights or between Select heights is not permitted.

3. Regular titling Qs are not restricted to the country in which you compete.

4. Each Home Video Q is worth half a regular Q. Two Home Video Qs equal one regular Q.

5. Regular Qs and byes from Masters heats cannot be used more than once to count towards a bye. Additional Qs must be gained for byes at other events, such as the West Coast Open or Canadian Open. These will be checked against previously submitted byes.

6. Any clear round from any country's tournament classes in Masters, Biathlon, Pentathlon, Games Challenge, Speedstakes Challenge and I.C.E. & DASH classes that gain level points can count as a regular Q.

7. Runs from the US Open, Canadian Open, West Coast Open and 1-TDC Invitational cannot be used for regular Qs.

8. Byes gained from US Cups, US Classics and US Festivals count only towards US Open byes. Canadian tournaments count only towards Canadian Open byes.

9. Only byes submitted by the deadline listed in the premium will be honored.
