UKI US Open 2026
Wednesday Notes

Rings 1, 2 & 3 are in the Main arena.

Rings 4, 5 & 6 are in the Covered arena.

Please refer to the US Open 2026 Site plan.

Please refer to the US Open 2026 Groups document for your designated group.

Course maps will be available on the UKI web page, US Open UKI Facebook page, on the GAC App and on Agility Gate at the stated publish time.

During Course walking, a space will be created between the ring barriers so you can easily move from one ring to the next.

Height rotation is small to tall. (Please check which height is in which ring)

If you have 2 dogs in different heights, you need to check which height is in which ring. You will need to walk all courses if you have dogs in multiple rings. These courses will be as close to identical as the course builders can make them.

During the group rotations, for handlers with multiple dogs you should not have any conflicts between rings. If your dogs are drawn close together and there are not enough dogs in the height to create the required space, you will have CON next to your name on the published PDF running orders (not Agility Gate version). The ring manager therefore knows to give you the allotted time between runs.

For handlers with multiple dogs **in different heights** in Nationals round 1, you may have conflicts between rings. If you do, you must pick up your multiple dog card at the information table before the class starts and then speak to the Ring Managers at both rings before you run either dog. **The ring manager will let you know when you need to run.** There will be more detailed instructions in the event briefing.

The first group start time will NOT start earlier than scheduled.
All other competition rotation times are **estimations only** and these may start **EARLIER** than scheduled.

If classes finish later or earlier or earlier than anticipated, the next rotation will start 10 minutes after the last dog in a rotation runs.

Please pay close attention to all official event announcements for rotation start times. These will be displayed on the White boards and screens at the ring. We will also post on the message service in the GAC App and on the US Open UKI Facebook page.
The white boards/screens at the rings are your definitive source of information.

It is your responsibility to be at the ring on time and to be aware of the start times.

UKI US Open 2026
Sunday Notes

Ring 1 is in the Main arena. Rings 4, 5 & 6 are in the Covered arena.

Please refer to the US Open 2026 Site plan.

Course maps will be available on the UKI web page, US Open UKI Facebook page, on the GAC App and on Agility Gate at the stated publish time.

During Course walking, a space will be created between the ring barriers so you can easily move from one ring to the next.

Height rotation is small to tall. (Once numbers progressing is known for the Challenger, we will announce which height is in which ring, please check which height is in which ring).

The Challenger is split over 4 rings, the Challenger course walking is a 20-minute course walk open to all in all 4 rings. Your 20 minutes needs to be divided between the rings you are running in. These courses will be as close to identical as the course builders can make them.

If you have 2 dogs in different heights, you need to check which height is in which ring. You will need to walk all courses if you have dogs in multiple rings. These courses will be as close to identical as the course builders can make them.

For handlers with multiple dogs **in different heights** in the Challenger, you may have conflicts between rings. If you do, you must pick up your multiple dog card at the information table before the class starts and then speak to the Ring Managers at both rings before you run either dog. **The ring manager will let you know when you need to run.** There will be more detailed instructions in the event briefing.

If your dogs are drawn close together in the **same ring** and there are not enough dogs in the height to create the required space, you will have CON next to your name on the published PDF running orders (not Agility Gate version). The ring manager therefore knows to give you the allotted time between runs.

Competition times are estimations only and these may start **EARLIER** than scheduled. The start time of the Team Final and National Final will not be known until Sunday due to the unknown numbers progressing to The Challenger. The Team Final will not start before 09.00 and will also not start until all Challenger rounds finish. If this is after 09.00, the Team Final Course Walking will commence shortly after the last Challenger dog runs.

The National Final Course Walking will commence as soon as the course is built.

Please pay close attention to all official event announcements for start times. These will be displayed on the White boards and screens at the ring. We will also post on the message service in the GAC App and on the US Open UKI Facebook page. The white boards/screens at the rings are your definitive source of information.

Please volunteer to help when you are not running.

It is your responsibility to be at the ring on time and to be aware of the start times.

US Open Ring Schedule as of 05/11/2026. All times are subject to change.

Once All Challenger rings have finished the US Open will become a one ring event.

We are not stating times for the remainder of the event as this is impossible to calculate due to the unknown numbers in The Challengers.

It is handlers' responsibility to keep an eye on the main ring and to read the white boards/screens for start times for course walkings and competition start time.

As soon as the last dog runs in Challenger, the Team Relay Course will be starting the course walking.

Please see Sunday schedule Page 2 for full details of the remainder of the event.
